

ABEC Carolyn Warner Civility and Service Award

Quality public education is a shared responsibility among all stakeholders including the family unit, the educational provider, future employers, and elected and appointed officials. In its commitment to improve student achievement and strengthen the state's future workforce, ABEC wishes to recognize and celebrate those who go “above and beyond” in their endeavors while demonstrating civility in their service and impact on those students. The ABEC "Carolyn Warner Civility and Service Award" gives formal recognition to leaders in four categories: business, education, philanthropy, and the community at large who have demonstrated civility and achievement for the betterment of all students in Arizona. These accomplishments, in turn, provide all stakeholders in Arizona with a vested interest in our state's future workforce, creating long-term economic vitality and a sustained high quality of life.
